- Softens necrotic skin cells to facilitate removal during subsequent treatments
- Expands pores for deeper cleansing
- Steam penetrates pores, loosening sebum, blackheads, and cosmetic residues
- Promotes toxin expulsion through pores while temporarily reducing wrinkles
- Ozone generation eliminates skin bacteria and softens necrotic cells for easy removal
- Boosts blood circulation, hydrates cells, and accelerates cellular renewal

## Custom Raised Foil 3D Gold

This red light therapy mask delivers exceptional performance with its strong, even brightness and comfortable fit, offering excellent value for the features it provides. The LEDs are uniformly distributed without any patchy spots, while the adjustable strap securely holds the mask in place during use. The sleek dark black/red color scheme looks surprisingly elegant, exceeding initial expectations. Overall, I'm thoroughly satisfied with this product and would confidently purchase it again.

This product is truly exceptional, offering quality on par with industry leaders like Ulike and Philips. While it comes at a slightly higher price point, the superior performance, versatility, and user experience justify the investment—my client's glowing reviews across multiple hair removal areas attest to its outstanding value.

color: Black

# Beauty salons from 40 countries

the product is what I expected.elegant and practical design.

# Partner evaluation

I'm more Than satisfied with my purchase, the delivery was run smoothly and safely handled to my doorstep. helen is such a darling and very easy to reach and communicate with . she explains everything in details and very patient. she goes Above and beyond for her customers and I will definitely be ordering from her again. what a beautiful Service And quality production
